Paint and Varnish Testing for Lead

The City of Madison doesn't provide this resource. You can get paint and varnish testing through the [Wisconsin Occupational Health Lab](#).

Private Well Water Testing

Eligibility: Free testing if a pregnant person, child under 12 years old, or a person with a weakened immune system lives in the home and there is financial need. Help identifying well water testing needs and understanding test results.

Availability: Year round

Testing for water safety and quality
